Know Tootsie's

Love-Tutor?

BET a hat you'll guess it before we say, "Al

Jolson." Who else could it

be; who else could take

Tootsie a'tooting up and

down Lovelane like Al, old boy? All the girls

A la Jolson, you call

"Toot, Toot, Tootsie," for

it's a peach from the gar-

den of love! Al makes it

quite sad for every one

when he bids Tootsie a

fond farewell-yes, to be

exact, seven continuous

and consecutive farewells.

Then, with a breezy "Toot,

Toot, Tootsie, Goo'-Bye,'

he hops a choo-choo and hies himself hence.

On the other side of this

record, there's old friend

Frank Crumit awaiting a

turn with "True Blue

Sam" — the tale of the

traveling man! Here's a

scream, all right, for it

tells how Sam blew into

Honolulu. There he saw a

South Sea Sadie shaking

her shredded wheat. That

settled it! What happened

next-well, you want to hear it! What's the use

of taking the kick out of

the situation! Both songs

on 10-inch record A-3705.

But these are just

samples picked from the

new Columbia program

that's out to-day. They're

all equally good. And they're all made by the

new three-ply, laminated

process - an exclusive

Columbia feature which

gives Columbia Records

a playing surface of vel-

vet-smoothness that does

away with disconcerting

surface sounds.

It sells for 75c.
